

BENEFITS OF A SYSTEM PROTECTION PLAN

- True priority scheduling
- No overtime service rates
- 15% discount on upgrades/repairs
- 24-hour emergency service, 365 days a year
- Agreement is transferable

BENEFITS OF REGULAR PREVENTATIVE MAINTENANCE

- Worry-free protection for your current equipment
- Any inspections necessary to maintain peak system efficiency are completed
- Regular maintenance extends the life of your heating & cooling system
- Your system will be rigorously tested and prepared for the coming year
- Regular maintenance can prevent frustrating and costly peak season breakdowns

“Neglecting necessary maintenance ensures a steady decline in air conditioning performance while energy use steadily increases.”

OUR MISSION at Frederick Air, Inc. is to simply provide whole home solutions to the residents and businesses of Frederick County and surrounding areas by delivering the highest quality service, maintenance, and installation of heating, ventilation, and air conditioning equipment, while maintaining a family friendly work environment for the company's employees; and do it so well that it is profitable.

OUR VALUES are guided by the following:

- All decisions are made with honesty and integrity, period.
- Everything is done with excellence.
- Teamwork is essential to our success.
- We respect others and treat them the way we would want to be treated.
- We do not sell to customers, we educate.
- We practice servant leadership.
- We pursue opportunities to be generous and compassionate, internally and externally.
- We are engaged in our community

You have my personal guarantee that we will do "whatever it takes" to serve your indoor comfort needs.
